

Minnie and Santa

Cyndi Lauper

C **G** **C**
I worked with a woman named Minnie

F **G**
One Christmas Eve long ago

C **G** **C**
When I asked what you're doing this evening

F **G** **C**
Minnie took on a seasonal glow

C **G** **C**
She said she'd be waiting for Santa

F **G** **C**
She'd be wearing a bright red bow

CHORUS

C **F**
Minnie and Santa Minnie and Santa

C **D** **G**
What they're up to only Heaven knows

C **F** **C** **G** **C**
She wrote on a card don't take it so hard we're headed for the North Pole

C **G** **C**
Now Minnie could not be persuaded

C **F** **G**
That Santa just did not exist

C **G** **C** **F**
She swore if she put up some mistletoe

C **G** **C**
Santa'd come give her a kiss

C **G** **C**
And there where'd she'd hung up her stockings

C **F** **G**
All in their silky soft sheen

C **G** **C** **F**
She'd be lying in wait on a bear skin rug...

C **G** **C**
Where the cookies and milk could be seen

Minnie and Santa

Cyndi Lauper

CHORUS

C **G** **C**
Now Minnie was older and wiser
C **F** **G**
Like a dear old auntie to me
C **G** **C** **F**
But the night that she ran off with Santa-- Claus
C **G** **C**
Was a real epiphany

CHORUS

C **G** **C**
Next Christmas I passed by the bakery
C **F** **G**
Staring out from on top of a cake
C **G** **C** **F**
Was jolly old Santa with a big silly grin...
C **G** **C**
And a gal in silk stockings and lace
